Category:Location

This category contains articles that include the category **Location**. Location includes general articles about phone location and landmarks. More specialised articles about mapping can be found in sub-categories defined below:

- Category:HERE Maps - suite of APIs in order to display geographic information on a map. See Nokia's Location Platform for more information
- Category:GPS - For GPS enabled devices.
- Category:Location API (JSR-179) - For the Location API for JavaME.
